WARNINGS Read Before Using Your Sega Dreamcast Video Game System

CAUTION
Anyone who uses the Sega Dreamcast should read the operating manual for the software and console before operating them. A responsible adult should read these manuals together with any minors who will use the Sega Dreamcast before the minor uses it.

HEALTH AND EPILEPSY WARNING
Some small number of people are susceptible to epileptic seizures or loss of consciousness when exposed to certain flashing lights or light patterns that they encounter in everyday life, such as those in certain television images or video games. These seizures or loss of consciousness may occur even if the person has never had an epileptic seizure. If you or anyone in your family has ever had symptoms related to epilepsy when exposed to flashing lights, consult your doctor prior to using Sega Dreamcast.

In all cases, parents should monitor the use of video games by their children. If any player experiences dizziness, blurred vision, eye or muscle twitches, loss of consciousness, disorientation, any involuntary movement or convulsion, IMMEDIATELY DISCONTINUE USE AND CONSULT YOUR DOCTOR BEFORE RESUMING PLAY.

To reduce the possibility of such symptoms, the operator must follow these safety precautions at all times when using Sega Dreamcast:

• Sit a minimum of 6.5 feet away from the television screen. This should be as far as the length of the controller cable.
• Do not play if you are tired or have not had much sleep.
• Make sure that the room in which you are playing has all the lights on and is well lit.
• Stop playing video games for at least ten to twenty minutes per hour. This will rest your eyes, neck, arms and fingers so that you can continue comfortably playing the game in the future.

To prevent personal injury, property damage or malfunction:

• Before removing disc, be sure it has stopped spinning.

While traveling to Chicago for a political campaign, the President and his family have been kidnapped and are being held hostage by an armed terrorist group. The terrorists are demanding the release of their leader from prison in return for releasing the President and his family. If the Terrorist leader is released, the government suspects that the terrorist group will strike again.

To avoid exposing the President and his family to further danger, the government has decided not to resolve this problem with armed forces. To regain control of the situation, an elite Professional Sniper has been sent in undercover. His mission is to rescue the President and his family and take out the leader of the terrorist group.

Time is of the essence! Get out there and eliminate the hostile threats and bring the President and his family back safely.

Be careful not to hit any innocent bystanders, otherwise the player's score is penalized. After completing each stage or running out of time, the player's performance will be ranked based on score. Additional time remaining at the end of each stage is added to your point total. The player cannot proceed to the next stage if time runs out.

See the section on Stages (p. 13) for more information on each stage.
TIME ATTACK

Basic Rules
In each stage, you have a mission and must eliminate all the enemies and defeat a boss character within a specified time limit. After clearing certain stages, your performance will be ranked based on your time. You do not incur damage from enemy fire in Time Attack, nor are you penalized for shooting innocent bystanders. There are three levels of difficulty in Time Attack, allowing the player to progress through different stages in the game.

Professional Sniper (a.k.a. The Player)
Former special operative in a British anti-terrorism task force
You have an impressive battle record with the task force, but for unknown reasons, retired from the unit with no advance warning. Currently residing in Chicago, Illinois, you work as a sniper for hire in the underworld. You have successfully carried out numerous difficult missions with an innate cool-headedness, earning you legendary status as a sniper. Extremely reticent by nature, you treasure solitude and are still single. Your only companion is a one of a kind, custom sniper rifle.

Scorpion the Butcher
Former U.S. bodybuilding champion
At one time, Scorpion was able to bench press 770 pounds with ease, but he had to retire from bodybuilding after suffering a devastating injury in which he tore his right thigh muscle. His life in disarray after seeing his dreams dashed, Scorpion was invited to join the terrorist group. He gained a reputation for his Herculean strength and brilliant mind and soon rose to the rank of officer. He was given the code name “The Butcher” because of his imposing muscular body. Incidentally, his apprentice is the one that appears in the fighter plane.
Cobra the Ironman
Killer for hire
A long time ago, you prevented Cobra from completing a commission, shooting Cobra in the right arm. He underwent an operation to repair his arm and later, burning with vengeance, came after you time and again, but each effort ended in failure. His ruthless killing techniques and indomitable stamina and physique earned him the code name Ironman. Caring little about how he achieves his goal, Cobra joined the terrorist group for the sole purpose of seeking revenge against you.

Tom & Jerry the Killer Machine
Biological Experiments created from an elite assassin’s DNA
Tom is Experiment #1 (the one without the mask) and Jerry is Experiment #2. The terrorist group raised these killing machines from birth to be assassins. A drug was administered to Jerry in large doses to adapt his body specifically to night combat, but resulted in wiping out all of his emotions. Since then, he has refused to listen to anyone but Tom, whom he has known since birth. Tom, who is teetering on the brink of insanity, attempted to escape from the group with Jerry to seek a more human-like existence. His attempt failed, but he has not given up on his dream of freedom.

Monica the Armored Secretary
Hired sniper of the underworld
Skillful at hiding undercover and unrivaled in shooting accuracy, Hornet has an appropriate name, as his strike is like the sting of a hornet. He will take on any job no matter how crude, provided the pay is generous. Boasting that he is the god of snipers, Hornet has been waiting for a showdown with you in order to earn himself a reputation as the No. 1 sniper of the underworld. Though he has the habit of saying he’s No. 1, he seems more like the No. 1 Narcissist.
